Shajith Bathina

AI Automation Specialist | Developed 100+ automation templates|
Helping Businesses Save 10+ Hours/Week | IIT Student & Future AI
Developer
Rajahmundry, Andhra Pradesh, India

Summary

As an AI Automation Specialist, I design and deploy pre-built
workflow templates to help businesses streamline operations
and save valuable time. Leveraging tools like n8n, Zapier, and
Make.com, I have developed over 100 automation solutions,
addressing needs such as social media management, email
marketing, and customer service. These solutions have achieved
a 95% client satisfaction rate and significantly reduced manual
processes for clients.

Currently pursuing a B.Tech in Computer Science at IIT(ISM)
Dhanbad, I focus on AI and automation. My academic foundation
in algorithms, programming, and cybersecurity complements my
professional work. Passionate about innovation, I aim to empower
businesses with scalable, no-code automation tools, fostering
efficiency and growth.

Experience

Freelance
AI Automation Specialist & Template Developer
June 2025 - Present (1 month)

• Developed 100+ working AI automation templates for businesses across
various industries

• Help companies save 10+ hours per week through workflow automation
